So When Game Was Called the Score Meverted to a Tir-Brooklyn Lost to the Tallenders and Louisville Surprised the Baseball World by Thra-bing Pittsburgh Twice-The Latter Are New Tied with Cleveland, Who Took Two Games from St. Louis-Among the Amateur Players.

Bain not only saved New York from defeat yesterday, but it put Philadelphia back in secend place, for the haughty littsburghs fell twice during the day before the lowly Louisvilles. And, more than that, the plucky Clevelands, by thrashing St. Louis twice, succeeded in tring the Smoky City boys for third place. Brooklyn dropped a game to Washington's tallenders, which was rather rough on Foutz. as New York moved neither up nor down. Chicage turned upon the Cincinnatis and beat them, while the coming champions from Boston added the sixty-fourth victory to their string. The results: New York, B; Philadelphia, 3.

NEW YORE, 3; PHILADELPHIA, 3.

To Umpire Gailney and old Pluvius must Johnny Ward give thanks. Nothing but rain saved the New Yorks yesterday from almost sure defeat by I'nliadelphia at the Polo ground. With the score b to 3 in the visitors favor, in the last half of the eighth inning, two New Yorkers out and two more on bases, the heavens opened and the rain fell, and Umpire Gailley, impersonating Sergeant Dunn for the moment, called time, still keeping his weather eye on the billowy clouds in the west. After a wait of thirty minutes Gailley and the game, and the score reverted back to that of even innings, which was a tie, 3 to 3. Then the 7,000 cranks meandered through the mud, saying, "You may tie us, but you can't beat us," a sentiment that didn't go for much with the disgruntled Quakers.

inay He us, but you can't beat us, "a sentiment that didn't go for muca with the diagrantied Quakers.

It was a fine game to look at while it lasted, bristling as it did with magnificent fleiding, clean hitting, crafty pitching, and high kicking. Both Weyhing and Baidwin pitched cleverly, but the latter, while having superbeontrol and striking out ix men, was batted with more effect. To Connor and Burke belongs the credit of scoring New York's only runs. They rapped out home runs just when they were needed. Ward and Jack Sharrott made grand running catches, and Stafford retired what looked like a sure run by a great line throw from deep centre field.

The Quakers broke the ice in the third with two runs. Reilly opened with a single, and Weyhing moved him to second. Hallman hit hard to right, but Tiernan allowed the ball to pass him, and Reilly scored. Hallman meanwhile dug around the diamond in great shape, but, as he rounded third. Davis resorted to the unfair trick of grabbing him by the arm, almost pulling it from the socket. This performance kept hallman from scoring only until Thompson brought him in with a nice hit to entre.

formance kept Hailman from scoring only until Thompson brought him in with a nice hit to centre.

New York tied the score in the fourth. Therman got a gift from Weyhing, and after Davishad filed to Allen Roger Connor whacked the leather clear to the carriage sheds in centre field for a great home run. When the big fellow came across the piate behind Tiernan there was such cheering as has seldom been heard before this season. With one out in the lifth, Hailman drove a lineg over second which ward pulled down while on the dead run, and then there was more excitement.

The visitors took the lead in the sixth. With two men out, Cross made a scratch and Sharrott drove a scorcher to centre that bounded suddenly over Stafford's head. Cross scored, but Stafford stafford head, Cross scored, but Stafford stafford head. Cross scored, but Stafford hurled the ball like a cannon shot to Ward, who fired it straight to Doyle, Sharrot being caught at the plat- by three feet. In the seventh Felliy hit to left centre and tried to score a home run, but after Stafford got the ball from Burke humade a magnificent long-distance throw to the plate, and Reilly was dead out. Just as Eddie Burke came to bat in the last half of this inning, the rain, which up to this point had been a mere drizzle, began to fall quite heavily. Gaffney called time, but after six minutes' delay play was resumed. Burke now fairly broke the ball, it sailed under the ropes in left centre, and Eddie made tracks for the plate. As he reached third Reilly shouldered the little fellow, nearly knocking him down, but this time Gaffney saw the trick, and told Burke to score. For a moment it looked as though Burke and Reilly might come to blows, but trouble was averted by the players of both teams. Fuller got his base on balls, but together with Stafford was doubled at first. The score was now at it.

With Doyle at the bat Gaffney looked at the clouds, and then called time. The Philadelphias kleked, but it was of no use. At the end of half an hour it was still raining, so the New Yorks were saved. Flushed with three straight victories the Brooklyn Club returned to hastern Park yesteriasy afternoon bringing James O'Rourks and his washington players with them. It was the intention of the Brooklyn management to play two games for one admission, and about 4,000 persons were present to witness the contests. They were disappointed, however, in regard to the double bill. Only one game was played. Bain stopped the second game after one ioning had been played. Stein was hit rather freely in that inning, and the Washingtons made four runs. Aleakin retired the Brooklyns without a man getting to first.

The Brooklyns should have wen the first game. They had a lead of two runs at the fourth inning. In the sixth inning the Washingtons made three runs and wen the game. Wise started the inning by gotting a base on balls. O'flourke singled and Medjuire sacrificed. Sullivan hit safely and Wise scored. Radford sacrificed. Stricker's single seat O'Hourke and Sullivan home.

The Brooklyns made their run in the first inning on a base on balls, a steal, a poor throw by Mediuire, and a sacrifice fly to the outfield on which Griffin secored. With two men out in the fifth Tom Daly sent a three-bagger to left field, and Burns brought him home with a

ing the afternoon Nancy Hanks went down over the course for a warming up. The best of these preliminary miles was made in 2:20. Then the mare had a rest of three-quarters of an hour, and at about 4 o'clock she was rubbed down once more and harnessed to the sulky for the real work of the day.

A round of applause had greeted the mare when Budd Doble drove her upon the track for the first time. Doble allowed her to jog along easily, and then turned her head for the start. The silence was intense as the little mare passed under the wire. Her legs worked like well-oiled machinery, and with no apparent effort. To the uninitiated there was nothing the matter with her gait, but Budd Doble was not satisfied, and gradually pulled her up and returned for another start.

The second time there was nothing to be desired in the way of speed or form, and Doble nodded his approval. The mare had barely cleared the wire when she showed a disposition to break. It was but momentary, however, but there was a loss of time, and when the first quarter was passed the watches recorded 32% seconds, a 2:00 gait. The second quarter was covered in 31 seconds. record time. Every muscle was working, and every stride showed perfect condition. The half was passed in 1:03%, and the mare showed no apparent diminution of speed in going up the slight grade of the third quarter. This quarter was covered in 31% seconds. Great things were expected when the mare entered the down grade of the last quarter. All went well for a few yards, and then the mare waskened. Doble began to use his whip, The pace was being set by Artis, ridden by Dr. Hollenbach. She was doing her best, but the record was saved. Her time for the last quarter was 33% seconds, and for the mile 2:08%. Even when under the whip the mare did not show any signs of breaking. The judges were John Shepard, F. W. Parlin, and F. C. Sayles.

Jesse Hansom, Lightning, and Maggie T. were the startors in the special race for a purse of \$500. The former took the first, third, and fourth heats, and Li

Chamuuka was prominent in the first part of the race, but had to retire in favor of Romeo as they neared the half mile pole. In the last furlong Runaway got on even terms with Romeo, and a fine struggle resulted. Runaway won by a head from Romeo, who beat Chamunka three lengths for the place. Sir Richard, on the strength of his good race on the fourth day of the meeting, was beld at even money in the third race. Rear Guard was quickest to get in motion, and Hill sent him from the outer to the inner rall in the first sixteenth. It was only an exercising canter for Rear Guard, and he won as he pleased. Clement, in a drive, beat Sir Richard handliy for second money.

Tom Karl was the favorite in the fourth race, but the speedy little Gray Eagle, at 5 to 1, captured the purse by two lengths from Little Phil, who got second money by a length from Express.

In the fifth race Crocus was backed from 3 to 1 at the opening to even money. Noonday was fifst away, but Honest Tom took charge and led to the finish. Noonday closed up in the last sixteenth and gave the old Texan a warm argument, but the latter lasted long enough to win by a head. I. O. U. got a very bad end of the start, and making up a lot of lost ground finished third, half a length behind Noonday. Skedaddle was a 6 to 5 favorite in the sixth race with Our Maggie a well supported second choice. Third Cousin filly made the running for three furlongs. WINDUP OF THE BIG BICTGLE MEET.

Two Great Racce, ta One of Which Johnson and Zimmerman Do Great Work. CHICAGO, Aug. 12.—A clear day, a perfect track, 11,000 persons, and spirited races between all the well-known American racing men, were instrumental in making the final meet of the six-day bicycle tournament of the meet of the six-day bicycle tournament of the League of American Wheelmen a huge success. The events of the day were the one and sixty-two mile international races. The starters in the one-mile international race were Hoagland Smith, N. Y. A. C.; J. P. Biss. E. C. Boda, and T. T. Knisely, Chicago; W. Hyslop, Jr., Boston; J. S. Johnson, and A. A.

Zimmerman.
A time limit of 2 minutes and 40 seconds was placed on this race. When the start was made both Johnson and Zimmerman mancuvred to avoid cutting the pace until Knisely, the Chicago man, had secured a clear lead of about sixty yards. He then set out at a fast pace, and led at the half mile by about seventy

pares, and led at the half mile by about seventy Yards.

In the last third of a mile Johnson and Zimmerman began to sprint, and coming into the homestretch overshauled Knisely, and passed over the tape, with Zimmerman leading, in 3 minutes 272-5 seconds. Blies and Bode beat knisely out at the finish. Windle raturned home to-day, quite ill. The water here disagreed with him and unfitted him for racing, all the racing men are pretty well played out. E. A. Nelson and W. F. Murphy are ambling around with canes from injuries received by falls. J. P. Bliss made himself very popular to-day. He rode in the one-mile invitation race, and was following Harry Tyler closely down the homestretch. The latter had the race won, when, within two feet from the tape, he slipped his pedal, and as a result Bliss beat him out. The latter noticed the accident to Tyler, and insisted on him accepting the first prize.

There were nine starters in the sixty-two-mile international race. They were L. J. Menties, South Africa; W. Hyslop, Jr., Canada; F. Waller, J. W. Linneman, W. Faell, E. Ulbrecht, C. Baker, J. B. Clark, and M. Dirnberger. Pacemakers were allowed, and a great race resulted. Linneman of Buffalo took the lead at the start and maintained a fast pace up to seven miles, when he fell back.

At tweive miles Linneman, who was regarded as a possible winner, attempted to look back of him, and fell. Before he could remount the field were half a lap in advance of him. They waited for him to come up, but he found he had injured his wheel, and was compelled to change his machine, which lost him nearly a lap. After trying to overtake the leaders he retired at fourteen miles.

W. Waller, the twenty-four-hour man, retired at ten miles, and Hyslop, the Canadian, at fifteen, At twenty miles, there were only throe riders in the race, and at thirty-seven miles Messera Meintjes and Ulbrocht were the only competitors. The latter, it was evident, was weakening, for the South African lapped him at thirty-nine miles, Meintjes wot the race easily. He In the last third of a mile Johnson and Zim-

New Grounds. An attractive card and curiosity concerning the new track induced about 1,000 followers of athletics to patronize the St. George's A. C. games at Wechawken, N. J., yesterday afternoon. The popular East Sixteenth Street Club has been catering in the same line for five years, but this was the first venture on a plant of their own equipment, and under the circumstances they furnished a very creditable

day's sport.

mile, is admirably constructed on the most modern lines, and with time and care should prove both safe and fast for athletes and wheelmen. It has had no time to knit as yet, and, resterday, was very loose and immpy on the surface.

The runners could get no grip with their spikes, and this comparatively last time made all round bears high testimony to the morit of the winners under the adverse conditions. W. M. Richards of Yale, the intercolleriate 100 and 220 yard champion, went to pieces in the loose going, and was outsprinted in poor time. T. P. Connell's light, corky style reduced his difficulties in the mile handleap, and he spreadesgled his field in wonderful fashion. going sway from his rival scratch man, A. J. Walsh, from the crack of the pistol. On a firm track, the ex-champion would have undoubtedly shaken his own American record.

Immediately after the mile a storm thoroughly soaked everything and everybody. It let up sufficiently after a time to enable the obstacle men to scrambile through their final heat, but the St. George and St. Hartholomew baseball teams had to cancel their cageriy awaited game.

Apart from the weather the only disagreeable incident of the outling was a protest against T. Hosengraves, the winner of the half narrowly escaped a protest, as some of the runners behind him were so astounded at the way he came through the last lap that they wanted to insist he had dropped out and rested on the previous circuit. The sorrers reported in his favor and the kickers fortired. His finish was unique in middle-distance racing. Summaries:
